PROFILE

As a recent International Business graduate, the pressure to 'know what to do with the rest of my life' becomes more real. Instead of pursuing a future in accounting, I realised that Strategic management and project based work captivates me much better. From September 2018 onwards, I'd love to start a master's degree in Innovation or Organisational Management, but for now I am gaining practical experiences.

Work Experience

2018

Heerlen

Innovation Intern

GroeiFabriek by APG

During my three months internship my assignment was assisting in various experiments concerning Blockchain, AI, Sustainability and the Sharing Economy. Brainstorming, research and helping with the day to day of 'would-be' start-ups were my main tasks

2018

Heerlen

Innovation Intern

Loyalis NV

During my three months internship my assignment was twofold; find a way to internalize outside-in innovation in the company culture and try to find an innovation externally that can be of value for Loyalis. Out of Interest, I also assisted the with revising the fraud detection strategy.

2016 -2017

Maastricht

Board Member – Event Manager (Activities Commissioner)

SCOPE | 3MA

As a board member, together with my team, we were responsible for 40 volunteers, 100k revenues stream and 1200 members. As event manager I managed six teams hosting different recruitment events over the time of a year. I was also responsible for the HR/ Recruitment part of the organization.

2016

Heerlen

Controller Intern

Centraal Bureau voor de Statistiek

My primary task was supporting a local senior controller in her assignment of locating inefficiencies. Over the course of three months I got a lot of insight in how to make monthly reports, tracking down inefficiency and thinking outside of the box to enhance sustainable working.
